

Family	Subfamily	Genus and Species	Locality	Age	References	Material	Dpository	Annotations
Catostomidae		<i>Amyzon hunanensis</i> (Cheng), 1962	Xiangxiang, Hunan Province and many other localities of eastern China	Middle Eocene, Xiawanpu Formation	Chang et al., 2001	complete specimens and teeth	IVPP	synonyms: <i>Osteochilus hunanensis</i> (Cheng, 1962) and other species (Tang, 1959; Wang, 1981), <i>Osteochilus hubeiensis</i> (Lei, 1977), <i>Jianghanichthys hubeiensis</i> (Lei, 1987) IVPP = Institute of Vertebrate Palaeontology and Palaeoanthropology; DGOF = Dagang oil field
Cyprinidae	Danioninae	<i>Miheichthys shandongensis</i> Zhou, 1990	Linqu, Shandong Province	Miocene, Shanwang Formation	Zhou, 1990	nearly complete specimen		
	Leuciscinae	<i>Ctenopharyngodon</i> sp.	Anci, Hebei Province	Oligocene?, Dongying Formation	Zhang et al., 1985	teeth	DGOF?	
			Huangzhong, Qinghai Province	Miocene, Xiejia Formation		teeth		
			Sihong, Jiangsu Province	Miocene, Xiacaowan Formation				identified by Zhou, 1983
			Lantian, Shaanxi Province	Miocene, Jiulaopo Formation		teeth		
			Tonggur, Inner Mongolia	Miocene, Tonggur Formation		teeth		Su, in preparation
			Loc. 3, Upper Cave, Zhoukoudian	Pleistocene	Bian, 1934	teeth		
			Pinglu, Shanxi	Pleistocene	Bian, 1934	teeth		
			Nong'an, Jilin	Pleistocene				identified by Huang, 1958
			Jiyang depression, Shangdong Province	Neogene, Guantao Formation	Zhang et al., 1985; Li et al., 1992	teeth		Zhang = Chang
		Liuhe, Anhui Province					identified by Zhou, 1983	
		Wenjin, Shanxi Province	Pliocene				identified by Zhou	
		Yangyuan, Hebei Province	Pliocene				Su, in preparation	
		<i>Ctenopharyngodon idellus</i> Cuvier et Valenciennes 1844	Yushe, Shanxi Province	Pliocene, Gaozhuang Formation	Liu and Su, 1962	teeth		
			Xiangfeng, Shanxi	Pliocene				identified by Zhou
			vicinity of Harbin, Heilongjiang Province	Pleistocene	Ishijima, 1939			
			Xiangfeng, Shanxi Province	Pleistocene	Liu, 1958	teeth		
			Sanmenxia, Henan Province	Pleistocene, Sanmen Formation	Huang, 1957	teeth	IVPP	
			<i>Plesioleuciscus nitidus</i> Zhou, 1990	Linqu, Shandong Province	Miocene, Shanwang Formation	Zhou, 1990	complete specimen	
	<i>Plesioleuciscus miocenicus</i> (Young et Tchang) 1936					complete specimens	SDME? IVPP	SDME = Shandong Museum
	<i>Leuciscus tchangii</i> Liu et Su, 1962		Yushe, Shanxi Province	Pliocene, Gaozhuang Formation	Liu and Su, 1962	complete specimen	IVPP	
	<i>Mylopharyngodon piceus</i> (Richardson) 1844		Yushe, Shanxi Province	Pliocene, Gaozhuang Formation	Liu and Su, 1962	teeth		
		Tainan, Taiwan	Pliocene, Lio-Chorng-shi Formation	Tao and Hu, 2001	teeth	DZTU	DZTU = Tao His-Jen specimen exhibition room, Department of Zoology, National Taiwan University	
		Xiangfeng, Shanxi Province	Pliocene				identified by Zhou	
			Pleistocene	Liu, 1958	teeth	IVPP		
		Sanmenxia, Henan Province	Pliocene, Sanmen Formation	Huang, 1957	teeth			
		<i>Mylopharyngodon</i> sp.	Tonggur, Inner Mongolia	Miocene, Tonggur Formation				Su, in preparation
		<i>Mylopharyngodon</i> sp.?	Binxian, Shangdong Province	Neogene, Guantao Formation	Zhang et al., 1985	teeth	SLOF?	SLOF = Shengli oil field
	<i>Mylopharyngodon</i> sp.	Xiangfeng, Wenjin, Shanxi Province	Pliocene			IVPP	identified by Zhou	
	<i>Mylopharyngodon</i> sp.?	Jiyang depression, Shangdong Province	Neogene, Guantao Formation	Li et al., 1992	teeth	IVPP		
	Leuciscinae indet.	Sihong, Jiangsu Province	Miocene, Xiacaowan Formation			IVPP	identified by Zhou, 1983	
		Kenli and Jiyang depression, Shangdong Province	Neogene, Guantao and Minghuazhen Formations	Zhang et al., 1985	teeth	SLOF?		
Cultrinae	Cultrinae indet.	Tonggur, Inner Mongolia	Miocene, Tonggur Formation			teeth	Su, in preparation	
	<i>Culter cf. mongolicus</i> Basilewsky 1855	Yushe, Shanxi Province	Pliocene, Gaozhuang Formation	Liu and Su, 1962		nearly complete specimens		
	<i>Culter</i> sp.		Pleistocene	Liu, 1951		teeth		
	<i>Hemiculterella longicephalus</i> Liu et Su, 1962	Yushe, Shanxi Province	Pliocene, Gaozhuang Formation	Liu and Su, 1962		nearly complete specimens		
Xenocyprininae		<i>Exenocypris liui</i> Chang et al., 1996	Huanan, Helongjiang Province	Miocene, Daotaiqiao Formation	Chang et al., 1996	nearly complete specimens		

Cyprinidae	Xenocyprininae	<i>Xenocypris yushensis</i> Liu et Su, 1962	Yushe, Shanxi Province	Pliocene, Gaozhuang Formation	Liu et Su, 1962	nearly complete specimens	IVPP		
		<i>Xenocypris</i> sp.	Taigu, Shanxi Province	Pliocene				identified by Zhou	
		Xenocyprininae indet.	Sihong, Jiangsu Province	Miocene, Xiacaowan Formation	Zhang et al., 1985	teeth	IVPP	SLOF?	
			Lantian, Shaanxi Province	Miocene, Jiulaopo Formation					
			Tonggur, Inner Mongolia	Miocene, Tunggur Formation					
			Abagaqi, Inner Mongolia	Miocene, Baogeda'ula Formation					
			Huai'an, Jiangsu Province	Pliocene	Zhang et al., 1985				
			Jiyang depression, Shandong Province	Pliocene	Li et al., 1992				
			Yangyuan, Hebei Province	Pliocene					
			Bilike, Gaodege'ula, Inner Mongolia	Pliocene					
	Kenli and Jiyang depression, Shandong Province	Neogen, Guantao and Minghuazhen Formations	Zhang et al., 1985; Li et al., 1992						
	a form basal to cultrins + xenocyprins	<i>Ecocarpia ningmingensis</i> Chen et al.	Ningming, Guangxi Province	Member 2 of Yongning Group	Chen et al., submitted	nearly complete specimens and teeth	NHMG	NHMG = Natural History Museum of Guangxi Zhuang Autonomous Region	
	Hypophthalmichthinae	<i>Hypophthalmichthys</i> sp.	Tonggur, Inner Mongolia	Miocene, Tunggur Formation		teeth	IVPP	Su, in preparation	
			Liuhe, Anhui Province	Neogen				identified by Zhou	
			Taigu, Shanxi Province	Pliocene,				Su, in preparation	
			Hainan Island	Pliocene		teeth			
		<i>Hypophthalmichthys</i> sp.	Sihong, Jiangsu Province	Neogen, Xiacaowan Formation				identified by Zhou	
		<i>Hypophthalmichthys molitrix</i> (Cuv. et Val) 1844	Yushe, Shanxi Province,	Pliocene, Gaozhuang Formation	Liu and Su, 1962	teeth			
		<i>Aristichthys nobilis</i> (Richardson), 1844	Tainan, Taiwan	Pliocene, Lio-Chorng-shi Formation	Tao and Hu, 2001	teeth	DZTU		
	<i>Aristichthys</i> sp.	Xiangfeng, Wenjin, Shanxi Province	Pliocene			IVPP	identified by Zhou		
	Gobioninae	<i>Paleogobio zhongyuanensis</i> Zhou, 1990	Fanxian, Henan Province	Middle Eocene, Fanxian, Member 4 of Shahejie Formation		nearly complete specimens	IVPP		
		<i>Gnathopogon Shanwangensis</i> Zhou, 1990	Linqu, Shandong Province	Miocene, Shanwang Formation	Zhou, 1990	nearly complete specimens	SDME?		
		<i>Gnathopogon macrocephala</i> (Young et Tchang) 1936		nearly complete specimen	IVPP				
		<i>Pseudorasbora changtsunense</i> Liu et Su, 1962	Yushe, Shanxi Province	Pliocene, Gaozhuang Formation	Liu and Su, 1962	nearly complete specimen	IVPP		
	Cyprininae	<i>Lucyprinus linchiensis</i> (Young et Tchang) 1936	Linqu, Shandong Province	Miocene, Shanwang Formation	Zhou, 1990	nearly complete specimens	SDME?		
		<i>Lucyprinus scotti</i> (Young et Tchang) 1936				nearly complete specimens and teeth	IVPP		
		<i>Qicyprinus shanwangensi</i> Zhou, 1990				nearly complete specimens and teeth	SDME?		
		<i>Platycyprinus mirabilis</i> Zhou, 1990				nearly complete specimen			
		<i>Cyprinus carpio</i> Linnaeus 1758	Lufeng, Yunnan Province	Miocene, Shihuiba Formation	liu, 1985	teeth	IVPP		
			Yushe, Shanxi Province	Pliocene, Gaozhuang Formation	Liu and Su, 1962	nearly complete specimens and teeth			
			Tainan, Taiwan	Pliocene, Lio-Chorng-shi Formation	Tao and Hu, 2001	teeth	DZTU		
			Xiangfeng, Shanxi	Pliocene			IVPP	identified by Zhou	
Zhalannor, Inner Mongolia			Pleistocene	Liu, 1951	teeth				
Xiangfeng, Shanxi Province			Pleistocene	Liu, 1958	teeth				
Sanmenxia, Henan Province			Pleistocene, Sanmen Formation	Huang, 1957	teeth				
<i>Cyprinus</i> sp.			Lantian, Shaanxi Province	Miocene, Jiulaopo Formation			IVPP		
		Yuanmou, Yunnan Province	Miocene						
	Tonggur, Inner Mongolia	Miocene, Tunggur Formation		teeth	Su, in preparation				

Cyprinidae	Cyprininae	<i>Cyprinus sp.</i>	Abagaqi, Inner Mongolia	Miocene, Baogeda'ula Formation		teeth	IVPP	Su, in preparation	
			Tangying, Henan	Pliocene				identified by Zhou	
			Bilike, Gaodege'ula, Inner Mongolia	Pliocene					
			Yangyuan, Hebei Province	Pliocene		teeth		Su, in preparation	
			Yiliang, Yunnan Province	Pliocene					
			Hainan Island	Pliocene					
		Fuyu, Heilongjiang Province	Pleistocene			identified by Su, 1969			
		<i>Palaeocarassius sp.</i>	Lantian, Shaanxi Province	Miocene, Jiulaopo Formation					
			Tonggur, Inner Mongolia	Miocene, Tonggur Formation		teeth	Su, in preparation		
			Abagaqi, Inner Mongolia	Miocene, Baogeda'ula Formation					
		<i>Carasius auratus</i> Linnaeus 1758	Yushe, Taigu, Shanxi Province	Pliocene, Gaozhuang Formation	Tchang, 1933; Liu and Su, 1962	complete specimens			
		<i>Carassius sp.</i>	Yangyuan, Hebei Province	Pliocene					
	Qujin, Yunnan Province		Pliocene		teeth	Su, in preparation			
	Hainan Island		Pliocene						
	Cyprininae indet.	Ninghai, Zhejiang Province	Miocene	Zhou, 1990	complete specimen	IVPP			
			Miocene, Xiacaowan Formation				identified by Zhou, 1983		
		Tonggur, Inner Mongolia	Miocene, Tonggur Formation						
		Abagaqi, Inner Mongolia	Miocene, Baogeda'ula Formation						
		Bilike, Gaodege'ula, Inner Mongolia	Pliocene		teeth		Su, in preparation		
		Zhaotong, Yunnan Province	Pliocene						
		Hainan Island	Pliocene						
		Zhangbei, Hebei Province	Neogene				identified by Su		
	Barbininae	Barbininae ident.	Yuanmou, Yunnan Province	Miocene		teeth	IVPP	Su, in preparation	
		Delingha, Qinghai	Miocene						
<i>Barbus cf. yunnanensis</i> ?		Zhoukoudian, vicinity of Beijing	Pliocene	Liu, 1954	complete specimens	IVPP			
<i>Barbus brevicephalus</i> ?			Pliocene						
<i>Barbus szchuanensis</i> ?			Pliocene						
<i>Maysya hsichihii</i> ?	Pliocene								
Schizothoracinae	<i>Plesioschizothorax macrocephalus</i> Wu et Chen, 1981	Lunpola, Qinghai	Miocene, Dingqinghu Formation	Wu et Chen, 1981	nearly complete specimens	QHIB	GHIB = Qinghai Institute of Biology		
Cyprinidae indet.		Kenli, Shandong Province	Middle Eocene, Member 2 of Shahejie Formation	Zhang et al., 1985	teeth	SLOF?			
		Dawa, Liaoning Province	Oligocene, Dongying Formation		teeth	LHOF?	LHOF = Liaohu oil field		
		Liuhe, Anhui Province	Neogene			IVPP?	identified by Zhou		
Cobitidae	<i>Cobitis longipectoralis</i> Zhou, 1992	Linqu, Shandong Province	Miocene, Shanwang Formation	Zhou, 1992	nearly complete specimens	IVPP			
Cobitidae ?		Panshan, Liaoning Province	Miocene, Member 4 of Shahejie Formation	Zhang et al., 1985	teeth	LHOF?
